

# ICIECV 2023

2023 International Conference on  
Image Enhancement and Computer  
Vision

<https://www.iciecv.net/>  
October 28th-30th, 2023  
Qingdao, China

Image processing and computer vision have attained new popularity and are used in many applications worldwide. ICIECV aims to bring together researchers, scholars, and industry professionals worldwide to exchange ideas, present their latest research findings, and engage in fruitful discussions. ICIECV will have many positive effects on the academic community.

--Platform for disseminating cutting-edge research, keeping attendees updated on advancements in image enhancement and computer vision.

--Promote collaboration among academia and industry for innovative solutions and research projects.

--Nurture next-gen researchers, showcase work, receive feedback, and build connections.

--Bridge academia-industry gap, translating theoretical research into practical applications.

--Enrich academic community, inspire breakthroughs, and shape the future of image enhancement and computer vision.

## CALL FOR PAPER AND TOPICS

### Track 1: Image Enhancement Techniques

Image denoising and deblurring  
Image restoration and super-resolution  
Image enhancement for low-light conditions  
Contrast enhancement and dynamic range compression  
Color correction and colorization

### Track 2: Computer Vision Algorithms and Applications

Object detection and recognition  
Image segmentation and scene understanding  
Visual tracking and motion analysis  
3D reconstruction and depth estimation  
Augmented reality and virtual reality

### Track 3: Machine Learning for Image Analysis

Deep learning architectures for image analysis  
Explainable AI in computer vision  
Large-scale image dataset creation and annotation

### Track 4: Image and Video Processing Applications

Medical image processing and analysis  
Remote sensing and satellite image analysis  
Computational photography and mobile imaging  
Video surveillance and activity recognition

For more topics: [https://www.iciecv.net/cfp\\_19/](https://www.iciecv.net/cfp_19/)

## IMPORTANT DATES

Submissions Deadline	30 July 2023
Notification of Acceptance	15 September 2023
Registration Deadline	30 September 2023

## SUBMISSION INSTRUCTIONS

All submissions (full-paper and abstract) should be original (not submitted/published anywhere else) and typeset following the standard of template in English. Accepted papers and abstracts will be scheduled in lecture and poster sessions.

- 1). Full paper (publication & presentation). Full paper submission is required if you consider publishing your paper.
- 2). Abstract (presentation only). If you consider making a presentation only at ICIECV 2023 without paper publication, then you can only submit an abstract.

[Submission Method](#)

## POST-PROCEEDINGS

All accepted and presented at the conference papers will be included in the conference proceedings with ISBN. Selected papers will be also invited to submit their extension to a special issue of Journals.
